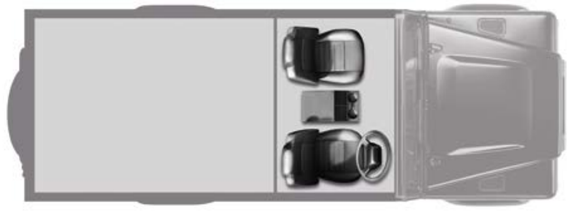
Form follows function in the Defender interior. Tough working vehicles demand robust materials such as the scuff-resistant facia and durable seat coverings. The facia is a one-piece moulding for improved refinement, its distinctive lines providing Land Rover's traditional commanding view of the ground ahead.

The seats are arranged stadium style, their position maximising exterior vision and easing access. Designed to be comfortable and supportive whatever the task or terrain, each seat has a three-point safety harness, but can be folded to optimise the Defender's load-carrying versatility. There's space for smaller items too, in trays on the facia or between the front seats. The optional cubby box provides extra storage and includes two cup holders.

90 HT/PU* Two seats

Rear cabin line applicable to PU only

90 SW* Four seats



110 HT/PU/HCPU* Two seats

Rear cabin line applicable to PU only

110 SW/UW/DCPU* Five seats**

Rear cabin line applicable to DCPU only

110 SW* Seven seats** (optional extra)

Third row rear seats optional

130 DCHCPU* Five seats

HT = Hard Top **PU** = Pick Up **HCPU** = High Capacity Pick Up **DCPU** = Double Cab Pick Up **SW** = Station Wagon **UW** = Utility Wagon **DCHCPU** = Double Cab High Capacity Pick Up
*Optional Cubby Box shown.
**60:40 split folding middle bench seat (Station Wagon and Utility Wagon only).

Please note: Forward-facing seats can carry up to seven adults in comfort. A third row of seats is an optional extra on 110 SW derivatives, standard on 110 SW XS.

Landmark Station Wagon

The new Landmark model adds a dimension of luxury to the Defender range with a distinctive style to match Defender's bold character.

The standard Black Design Pack with Dual finish alloy wheel creates a dramatic and purposeful visual impact.

Inside, Landmark has all the robustness and practicality you would expect from Defender with new levels of craftsmanship and attention to detail. Premium heated leather seats, leather steering wheel, air conditioning and a 150W audio system with sub-woofer and Bluetooth® audio streaming make the cabin environment a comfortable and enjoyable place to be.

Personalising the exterior

To distinctively style your vehicle, two bold side runners are available to create a dramatic impact to the Defender's exterior.

The new Silver Painted Side Runner enhances the vehicle's purposeful design, providing a perfect addition to customers opting to take the Silver Design Pack. Also available, the Black Side Runner brings a traditional element of elegance to the action-packed adventurer.

SILVER PAINTED SIDE RUNNER

For further details on tyre efficiency as required by the EU legislation please speak to your local Land Rover Retailer. When choosing vehicles fitted with specific wheel and tyre combinations or optional wheels and tyres, your intended use of the vehicle should be considered. Alloy wheels may be more vulnerable to damage in some off-road conditions. Please discuss your requirements with your nearest Land Rover Retailer when selecting your vehicle and specification.

Dimensions mm (inches) *Add 161mm if spare wheel removed **2nd row seats up/2nd row seats folded †Due to greater wheel offset 1,511 (59.5) when HD Steel Wheel and Gloss Black Sawtooth alloy wheel is fitted.

TECHNICAL SPECIFICATION, PERFORMANCE AND KEY DATA

Vehicle Loading

Incorrect vehicle and trailer loading can give poor vehicle handling and braking performance and a generally unstable and inefficient vehicle.

Payload and Weight Distribution

A correct weight distribution is achieved by considering several simple points:

- Payload is calculated by GVW – EEC kerb weight and must not be exceeded
- This payload should be distributed as evenly as possible along the vehicle's loadbed length
- The height of the payload should be kept to a minimum to keep the centre of gravity as low as possible
- Additional effects of a trailer should be taken into consideration (see towing section below).

Please refer to the Weights table opposite and the dimensions section to assess the most appropriate vehicle configuration for the loads you are likely to carry.

Towing

Choosing the correct equipment

Land Rover offers a range of towing equipment to suit different applications, both as optional original equipment and accessories. Multi-height tow bars enable the tow ball to be fitted in three different positions to suit different trailer towing requirements.

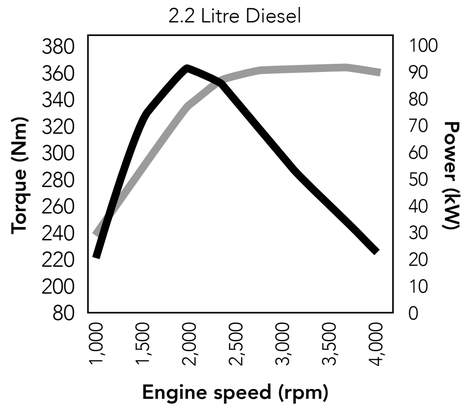
Adjustable tow bars enable the tow ball to be readily adjusted to different heights and are suitable for users who are likely to tow a variety of different trailers, or where the rear height of the vehicle may vary significantly with different payloads.

Roof Racks

Any load on the roof of the vehicle will affect vehicle handling and significant or tall loads should be avoided. Land Rover recommends a maximum of 150kg including the roof rack. Land Rover Accessories and Land Rover Professional Vehicles offer a range of roof rack systems to ensure roof loads are carried as safely as possible. Please refer to the accessories section of this brochure or your Land Rover Retailer for more information.

Engine and Transmission

2.2 LITRE DIESEL



Max torque (Nm) 360Nm/2,000rpm

Max power (kW) 90kW/3,500rpm

ENGINE DATA

Acceleration 0-60mph in seconds	14.7	14.7	14.7	15.7
Acceleration 0-100kph in seconds	15.8	15.8	15.8	17

The figures provided are as a result of official manufacturer's tests in accordance with EU legislation.
A vehicle's actual fuel consumption may differ from that achieved in such tests and these figures are for comparative purposes only. Vehicles are not individually tested, and there are inevitably differences between individual vehicles of the same model. Furthermore, the incorporation of particular modifications, the driver's style and road traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance will all affect its fuel consumption.

LAND ROVER

Expedition Roof Rack System*
VPLDR0063 – 90 Hard Top/Station Wagon
VPLDR0064 – 110 Hard Top/Station Wagon (not shown)
VPLDR0065 – 110/130 Double Cab (not shown)

Heavy duty rack system secured by clamps to the roof gutter.

Two Part Rear Access Ladder
AGP710010

For use with Expedition Roof Racks VPLDR0063, VPLDR0064 AND VPLDR0065.

Ribbed Aluminium Undershield
LR008247

Helps to provide under-engine protection when driving off-road.

Black Leather Hand Brake, Gear and Transfer Lever Gaiters
VPLDS0258

Grained Leather Gaiter covers detailing ebony coloured twin stitch features.

Lockable Cubby Box with Leather Lid
VPLDS0239

Moulded Wheel Cover
STC7889

Styled spare wheel cover fits most wheel sizes.

Cargo Barrier†

Designed to help prevent cargo and luggage from entering the passenger compartment. Manufactured in Black nylon coated steel and easy to remove when not required. Please note: ECE R17 compliant.

LR006785** – Cargo Barrier – 90/110HT (not shown)
LR006447 – Cargo Barrier – 110SW
LR006448** – Cargo Barrier – 90SW (not shown)

*Maximum roof capacity 150kg. Please refer to User Manual for the relevant payload.
**2007 Model Year vehicles onwards.
†ECE R17 compliant.

To view the full range of accessories and prices please ask your Retailer for an accessory brochure. Alternatively visit **accessories.landrover.com**

Side Protection Runners – Twin Tube
VPLDP0006 – Stainless Steel – Defender 90
VPLDP0067 – Black Finish – Defender 110SW and Double Cab (not shown)
VPLDP0068 – Black Finish – Defender 90 (not shown)

Raised Air Intake
LR008383

Ideal for dusty conditions, this raised air intake secures to the vehicle's 'A' post and also utilises the existing air intake vent fixings. Suitable for Td5, 2.4 and current 2.2 diesel engines.

Please note: Not compatible with SVX Soft Top model.

Sports Bar System**
STC7582

A high leg design which extends the carrying potential for a variety of equipment. The sports bars can accommodate a range of attachments, including roof boxes and special carriers for various sports equipment. Vehicle height when fitted 2,088mm (90SW) and 2,141mm (110SW)*.

Luggage Box**
VPLVR0062

Opens from both sides. Lockable for security. Volume 410 litres*.

Folding Side Step
STC7631

Spring-loaded folding step helps makes access to the interior of your Defender easier. Supplied with fitting kit. For all Defender models.

Rear Step Bumper

Makes access to the loadspace easy as well as helping to provide added protection from minor knocks, and also incorporates a dual height tow bracket.

STC50269AA – Defender 90
STC50301 – Defender 110 (not shown)

*Maximum roof capacity 150kg. Please refer to User Manual for the relevant payload.
**Sports Bar System (STC7582) is required for all Land Rover roof-mounted accessories.
To view the full range of accessories and prices please ask your Retailer for an accessory brochure. Alternatively visit **accessories.landrover.com**

9.5CTI Electric Winch*
VPLDP0113
Rated capacity of 4,310kg. 38 metres x 8mm diameter wire rope. This powerful electric winch is designed to fit easily to the front of your Defender, even if the air conditioning option is fitted. Offering maximum reliability for all general winching and self recovery requirements, the winch is available as a complete vehicle kit, ensuring specification and installation are straightforward.

Chequer Plate Protection Kit
STC50245 – Defender 90 – Silver
STC50381 – Defender 110SW – except HCPU – Silver (not shown)
Features sill edge and rear corner protectors and two front bumper step plates.
Please note: Front bumper step plates are not compatible with PIAA Driving Lamp Kit (LR006815).

Wing Top Protectors
LR005230 – Silver (2007 Model Year vehicles onwards)
Manufactured in an aluminium chequer plate design, these enable access to roof racks and a potential viewing height advantage.

Worklight
RTC8921AA
Enables your Defender to provide floodlight style illumination when working in reduced lighting conditions. Fits both 90 and 110 models. Switches, cables and brackets are supplied in the kit.

A-Frame Protection Bar – Non winch version
VPLPP0060**

A-Frame Protection Bar – Winch version (not shown)
VPLPP0061**
Manufactured from durable polymer, suitable for models with or without air conditioning.

Front Mudflaps
RTC9479
Heavy duty moulded Mudflaps reduce spray and help protect vehicle paintwork. Front pair for 90 and 110 models only.

*Requires 9.5 CTI Winch Bumper – VPLDP0105
**Compliant to EEC Directive 2005/66.
To view the full range of accessories and prices please ask your Retailer for an accessory brochure. Alternatively visit **accessories.landrover.com**

Style Valve Caps
LR027560 – Land Rover
LR027664 – Union Jack
LR027666 – Black Jack

Union Flag Bonnet and Side Decals
VPLDB0146LKH – Corris Grey
Union Flag Bonnet and Side Decals offer an exterior styling upgrade with a distinctively British twist. Tested to exacting Land Rover standards to ensure resistance to fading or peeling over time. Recommended exterior colour combinations: Corris Grey Decals with Santorini Black, Fuji White or Indus Silver body colours. Santorini Black Decals with Corris Grey body colour.

Union Flag Side Decal - Corris Grey

Side Protection Runners
VPLDP0197 – Silver Finish – Defender 90
VPLDP0198 – Silver Finish – Defender 110 (not shown)
LR008379 – Black Finish – Defender 90
LR008375 – Black Finish – Defender 110 (not shown)
The sturdy steel design enhances the appearance of your Defender as well as helping to ease entry and exit. The moulded rubber footgrips help to ensure non-slip stability.

Ebony Black Carpet Mat Set With Silver Land Rover Ingot*
VPLDS0240
Includes mats for the front and folding middle/rear seat footwells. The carpet mats have matching ebony suede effect piping and a silver Land Rover ingot. These durable mats come fitted with protective rubber backing.

IMPORTANT NOTICE: Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

All Land Rover Approved Accessories fitted by a Land Rover Retailers within one month or 1,600 kilometres/1,000 miles (which ever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to a 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover Retailer who will be pleased to advise you on current specifications and any query you may have.

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Land Rover Retailer.
